

FORM II
RAPID DAMAGE & NEEDS ASSESSMENT CHECKLIST
(To be submitted within **12 hours** upon occurrence of disaster)

A. Profile of the Disaster:

- Type of disaster/emergency _____
- Date & Time of Occurrence _____
- Areas affected _____
- Source of reports _____
- Date & Time of Reports _____

B. Initial Effects

1. Affected Population: _____ Families _____ Persons
- No. of infants (0-1 yrs. old) _____
- No. of children (2-below 18 yrs. old) _____
- No. of Adults (18 yrs. old and above) _____

2. Displaced Population: _____ Families _____ Persons
- No. of infants (0-1 yrs. old) _____
- No. of children (2-below 18 yrs. old) _____
- No. of Adults (18 yrs. old and above) _____

3. Casualties:	Location	Number	Cause
Dead	_____	_____	_____
Injured	_____	_____	_____
Missing	_____	_____	_____

C. Initial Needs Assessment

1. Search and Rescue:

- 1.1 Exact Locations: _____
(brgys, municipalities, provinces, regions)
- 1.2 Approx. No. Of missing: _____ Children _____ Adults
- 1.3 Response Status: (local SAR & resource deployed by DCCs)
- 1.4 Unmet needs for w/c additional SAR resources are requested?

2. Evacuation

- 2.1 Exact Locations: _____
(region, province, municipality, city, brgy)
- 2.2 Approximate number of people to be evacuated:
_____ infants _____ children _____ adults (women)
- 2.3 Response: _____
(Number of people evacuated)
- 2.4 Unmet needs for which additional evacuation assistance is requested:

- 2.5 Names of evacuation centers: _____

2.6 Number of families or persons housed in evacuation centers who are in need of assistance:

2.7 Daily requirements of affected families in the evacuation centers:

2.8 Are there enough latrines in the evacuation centers? _____

3. Medical Health

3.1 Exact Locations: _____

(Barangays, municipalities, regions, cities, Provinces)

3.2 Number of injured: _____

3.3 Displaced families or persons who are in need of medical attention: _____ Families

_____ Persons _____ infants _____ children _____ adults (women)

3.5 Unmet Needs _____

3.7 Are there any health-related cases prevailing in the area?

If so, what health care facilities exist where and what?

3.8 Who is in charge of emergency health and medical services in area?

3.9 Are there health workers in the community assessing the health & nutritional status of the affected children in the evacuation area? _____

4. Shelter & Clothing

4.1 Exact locations: _____

(region, province, municipality, city, brgy)

4.2 Number of people requiring shelter and clothing: _____ Male _____ Female

_____ infants _____ children _____ adults (women)

4.3 Response Status: (No. of people being provided with shelter and clothing by local DCCs.)

4.4 Unmet Needs: (number of people needing assistance and specify type of assistance required (tents, blankets, mosquito nets and clothing).

5. Food

5.1 Exact locations: (region, province, municipality, city, brgy)

5.2 Total number of people requiring food: _____

_____ infants _____ children _____ adults (women)

5.3 Response Status: (number of people provided with food by local DCCs.)

5.4 Unmet needs: (No. of people for whom external supplies of food are requested)

5.5 Are food resources and local buffer stocks available? _____

5.6 Is food assistance equally distributed? _____

5.7 Are the children being provided with food assistance according to their needs?

5.8 Are prime commodities locally available? _____ yes _____ no

6. Water

6.1 Exact locations: (region, province, municipality, city, brgy)

6.2 Number of people without potable water _____

_____ infants _____ adult (women) _____ children

6.3 Response status: _____

(Number of people being supplied with potable water by the local DCCs. Condition of supply system and repair status: availability of surface water.)

6.4 Unmet needs: _____

(Number of people whom external supplies of water requested and need for treatment supplies, container and trucks)

6.5 Are there any arrangements for water storage & distribution system in the area?

6.6 Is there water shortage? _____ yes _____ no

6.7 Is it widespread or concentrated in one area? _____ yes _____ no

6.8 Are there alternate sources of water? _____ yes _____ no

6.9 Did the service providers took immediate repair? _____ yes _____ no

If yes, how long will it take to restore the systems? Number of days _____.

7. Environmental Sanitation

7.1 Are there enough latrines for sanitary disposal of feces that are away from water sources, cooking and eating areas? _____

7.2 Are there washing facilities and adequate cleaning materials? _____

8. Restorations of Lifelines

8.1 Exact locations: _____

(region, province, municipality, city, brgy)

8.2 Conditions of lifeline systems _____

(roads, bridges, railways, power supplies and communication systems)

8.3 Is it operational or non-operational? If not what are the emergency measures undertaken by the service providers? _____

8.4 Response status: _____

8.5 Unmet Needs: _____

(list of personnel, supplies and equipment requested)

8.6 Was there power interruption? _____ yes _____ no _____ date
_____ time and _____ probable cause

8.7 Is it widespread or concentrated in one area? _____ yes _____ no

8.8 Are there electric post toppled down? _____ yes _____ no

8.9 How long will it take before the service is restored?
Number of days: _____

8.10 What are the actions taken by the servicing companies?

9. Children's Educational Needs

9.1 Are there school buildings damaged? _____ yes _____ no
If yes, how many children are affected? _____

9.2 What is the extent of disruption caused by the emergency?
Situation? _____

9.3 How many children are in need of primary education? _____ boys _____ girls

9.4 Location of the target groups _____

9.5 Level of formal and non-formal education of children

9.6 Instructional materials available

9.7 Existing physical facilities that could be used for non-formal schooling

E. Local Initial Response

1. Emergency responders involved _____

2. Assets deployed _____

3. Number of families/persons initially served _____ families _____ persons _____ infants
_____ children _____ adults

4. Extent of Local Assistance

Signed: _____
(BDRRMC Chairman)
